

# Grenache Blanc

2023 COLUMBIA VALLEY

## THE STORY

Grenache Blanc is the wine that everyone wants but they just don't know it yet. In 2010, we were looking for a white varietal to anchor the Two Vintners lineup to. Morgan ran into a dilemma - do something that so many had done before? How do we make a truly unique white wine? Fortunately, Dick Boushey came to the rescue, and offered a crack at his Grenache Blanc. We jumped at the chance to make an exotic Spanish white, and so the Two Vintners Grenache Blanc was born. Much like our Zinfandel, this wine has only increased in popularity as new vintages are released.

This wine always has a little bit of Roussanne blended in – but it varies each vintage. In 2018 we also started getting some fruit from Weather Eye Vineyard on Red Mountain, and began blending that in. This inspired us to make a 100% Weather Eye Grenache Blanc in 2019.
