THE STORY

Our foray into the vast field of Washington Cabernet Sauvignon, this wine is sourced from some of Washington's most iconic vineyards. Staying true to the Two Vintners style, this is not just a fruit-driven wine. Legit explores a different side, showing that powerful red need not be a fruit bomb but can be a focused blend of fruit and savory flavors, with Zinfandel adding some bright berry components. We gave it a name that reflects the quality of the wine but doesn't take itself too seriously, Legit.
