story

This marks the second vintage of this single-vineyard, 100% Grenache Blanc from the progressive, ambitious and other worldly Weather Eye Vineyard on the top of Red Mountain. This bright, delicious white wine will cellar for years to come if you can resist opening it.

street cred

92 pts - Wine Enthusiast

"High up on Red Mountain, Weather Eye Vineyard is quickly establishing itself as one of the top sites in the state. Coming from plantings on northern slopes, this is 100% Grenache Blanc. The aromas enchant, with notes of star fruit, melon and wet stone. Full bodied, textured orange rind and citrus flavors follow, accented by notes of mineral. There's richness, intensity and balance, with the acid driving it. Serious stuff."
