# YO MOMMA ROSÉ

## THE STORY

Yo Momma Rosé was born from our dedication to make world class bottlings, while keeping with our core value that wine should be fun and unpretentious, along with being delicious.

The name Yo Momma came out of a conversation during harvest in which someone said, “This isn’t Yo Momma’s Rose!” Meaning this wine isn’t the sweet, pink White Zinfandel that we saw knocking around in a box in the refrigerator growing up. This Rosé of Zinfandel is dry and full of spice and fruit, with a deep vein of acidity that makes you want another glass again and again.

The label is a “self-portrait” that Tanner, Morgan’s brother, made for fun when he was alive. He was cool.
